

Matthew K. Wade:

Thank you so much for the outstanding job you did at Andrea & Tim's wedding reception in Charlotte on October 10th.

I would highly recommend you to anyone who wants a DJ who is experienced, reasonably priced, knows just how to set up for the event and dress for it, and most importantly knows how a reception is supposed to glide along. The guests were kept informed and entertained and, therefore, happy!

Meeting with us a couple weeks in advance was key to making sure we were on the same page with not only music, but the reception coordinators and introductions...and really appreciated your advice and guidance for a few specific emceeding items.

From the entrance and introduction of the wedding party and newlyweds...to prompting the "toasters"...to getting guests to fill their plates...to inviting everyone to watch the cutting of the cake...to announcing the bouquet toss, garter removal (ooh la la) and garter toss...to getting people on the dance floor (including yourself which people really liked)...to the music we requested and the great ones you played that were just what the crowd wanted...and to staying and playing longer than expecting to ~~~ simply THEE BEST.

You just couldn't have been any better and we very much appreciate you making it a memorable occasion for all involved!

Luv,
